

The award-winning Fokus by ONANOFF is designed for listeners who rely on their headphones to consume primarily spoken audio content in educational or professional settings. It features FocusMode, a patent-pending listening setting that makes vocals crisper and clearer to help users listen better for longer. The Fokus is ergonomically designed to be comfortable both outside and inside the ear, featuring passive noise cancellation, adjustable headband, built-in microphone and in-line remote with call, track and volume controls to deliver a premium listening experience.

FocusMode

Passive Noise Cancellation

Premium Microphone

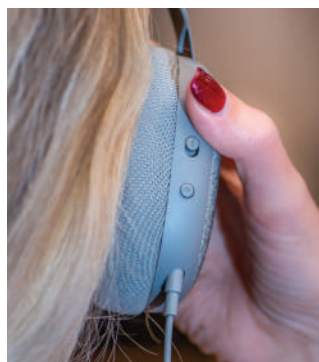

Call & Track Control

Super Durable

Washable Cushions

The difference between ordinary and extraordinary is that little *extra*.

FOKUS

Concentration Headphones

Super comfortable Fokus headphones deliver a premium listening experience thanks to our innovative FocusMode. They are the ideal headphones to listen to spoken audio, with the click of a button you can switch to MusicMode for dynamic audio listening.
